

## Industrial Cable and Connector Technology

## COLOR SAMPLE CARD: FEP Insulated Hook-Up Wire 10064

For use with P/N's:

10064-26-1-0500-<u>0XX</u>-1-TS / 10064-28-1-0500-<u>0XX</u>-1-TS / 10064-30-1-0500-<u>0XX</u>-1-TS / 10064-32-1-0500-<u>0XX</u>-1-TS

Please add one of the following three-digit numbers detailed in the table below, to the P/N's listed above as "0XX", to select your desired color.\*

\* Note: FEP Insulated Hook-Up Wire series colors appear to have a "glossy" finish due to the harder nature of the material. Color representations in photos varies, according to ambient lighting conditions. No printed markings appear on these part numbers. The limitation of our wire printing equipment means only wires with an overall diameter of more than 1 mm (approximately 24 AWG wire) will have markings printed onto it.
